WHERE THE OCEAN BECOMES THE CLASSROOM

Luxury Family Ocean Expedition

Join just four families aboard a private luxury yacht for an unforgettable week exploring the crystal-clear waters of the Maldives.

More than a surf trip, this is an immersive family adventure where nature becomes the teacher, the ocean becomes the classroom, and every day inspires curiosity, confidence, and connection.

Together we'll surf world-class waves, dive vibrant coral reefs, swim alongside extraordinary marine life, and discover the wonders of the ocean through the eyes of marine scientists.

CHILDREN WON'T SIMPLY LEARN ABOUT THE OCEAN. THEY'LL LIVE IN IT.

THE EXPERIENCE

SURF

Daily surf coaching for every ability, from first waves to advanced reef breaks.

OCEAN DISCOVERY

Snorkeling, scuba diving, freediving, paddleboarding, and unforgettable encounters with turtles, manta rays, dolphins, and whale sharks.

MARINE EDUCATION

Hands-on learning with marine biologists exploring coral reefs, ocean ecosystems, marine life, and conservation.

WELLNESS

Daily yoga, breathwork, mindfulness, and moments to reconnect with ourselves and nature.

FAMILY CONNECTION

Beach BBQs, island adventures, storytelling, games, movies beneath the stars, and evenings shared together at sea.

SPIRIT

Guided by wisdom
and purpose.

CREATIVITY

The thread that
connects and
animates
them all.

HEART

Rooted in
belonging.

WRLD

Expanded through
discovery and
service.

BODY

Grounded in
vitality.

THE WORLD COMPASS

BODY

Body is about helping children feel strong, capable, and at home in their bodies – wherever they are in the world. How do I care for and strengthen myself?

HEART

Heart is about helping children understand themselves and connect deeply with others. How do I connect with others?

SPIRIT

This is the piece that makes WRLD different. Spirit is about helping children reconnect with presence, wonder, and their own inner world. What guides me from within?

WRLD

WRLD is about helping children learn through the living world around them. How do I engage with and contribute to the world around me?

CREATIVITY

Creativity is the thread that runs through all points of the compass. How do I bring my unique gifts to life?

Five pathways of human potential

ACTIVATING THE WORLD COMPASS

VITALITY

Move • Challenge • Thrive

Surfing • Climbing • Yoga • Dance • Martial Arts • Paddle Sports • Obstacle Courses • Nature Adventures

CONNECTION

Belong • Collaborate • Care

Circle Gatherings • Mentorship • Team Challenges • Kindness Missions • Storytelling • Service Projects • Family Experiences

EXPRESSION

Create • Share • Contribute

Art • Music • Filmmaking • Photography • Fashion Design • Pottery • Culinary Experiences • Maker Labs • Public Speaking

DISCOVERY

Explore • Wonder • Understand

Cultural Immersion • Language Exploration • Nature Expeditions • indigenous storytelling, Science Investigations • Sustainability Projects • Local Artisan Workshops

WELL BEING

Pause • Reflect • Become

Meditation • Breathwork • Sound Journeys • Journaling • Nutrition Experiences • Gratitude Practices • Self-Care Rituals • reflection spaces, nature sit spots

An Immersive Family Ocean Experience

WHY WE CREATED THIS

We believe the world's greatest classroom has never had four walls. It is found in the rhythm of the waves, the silence beneath the sea, and the wonder of discovering the natural world together. This journey is designed to spark curiosity, build confidence, deepen family connection, and inspire a lifelong love for our oceans.

Life aboard the WRLD Ocean Expedition will unfold with an easy rhythm of adventure, comfort, and discovery. Each family will settle into a private, air-conditioned suite aboard a 165-foot luxury yacht, waking each morning to a new view of the Maldives as the vessel travels between remote atolls, reef systems, and hidden surf breaks—often moving overnight so daylight can be devoted entirely to exploring. With a full onboard team, family-style meals prepared by international chefs, daily housekeeping, Wi-Fi, support boats, and spacious decks for gathering, life at sea will feel both effortless and intimate. Mornings may begin with yoga and breathwork on deck, followed by breakfast overlooking the ocean before families separate into surf sessions, snorkeling excursions, marine biology experiences, diving, paddleboarding, or quiet time aboard.

The yacht becomes a floating family village: children learning beside marine scientists, parents sharing waves, siblings spotting turtles from the deck, and everyone returning at the end of the day with new stories to tell. Afternoons might bring freediving lessons, fishing from the back deck, spa time, island exploration, or swims with manta rays, dolphins, whale sharks, and other extraordinary marine life. Evenings slow down with sunset gatherings, shared meals beneath the open sky, beach barbecues on remote sand islands, storytelling, games, and movies under the stars. Surrounded by only four families, the experience creates space for children of every age to form friendships, build confidence, and feel part of a close-knit expedition community—where the ocean is not simply something they visit, but the place they live, learn, play, and grow together.

WHAT'S INCLUDED

ON BOARD

Daily housekeeping

A dedicated 34-person crew, including dive masters, surf guides, yoga and fitness teachers, internationally certified chefs, bar staff, massage therapists, and more

Airport meet-and-greet with the Maldivian Dream ground team

Round-trip airport transfers on embarkation and disembarkation days

DINING

Full board with three buffet-style meals each day, prepared by internationally certified chefs and featuring live cooking stations

Thoughtful accommodations for food preferences, allergies, and dietary restrictions

Unlimited drinking water

Fresh juices, gourmet teas, and coffee each morning

Nourishing snacks served daily

A private sand-island barbecue dinner and pop-up bar

SURFING

Unlimited daily surfing at some of the Maldives' most extraordinary and secluded surf breaks

Four internationally certified surf professionals providing in-water safety, guidance, and coaching

Three support speedboats and traditional dhoni transfers, allowing access to multiple surf breaks simultaneously

Daily surf sessions thoughtfully timed around the best tides, swell, and conditions

Daily video analysis to support each surfer's progression

LUCEN WORLDSCHOOL EXPERIENCE

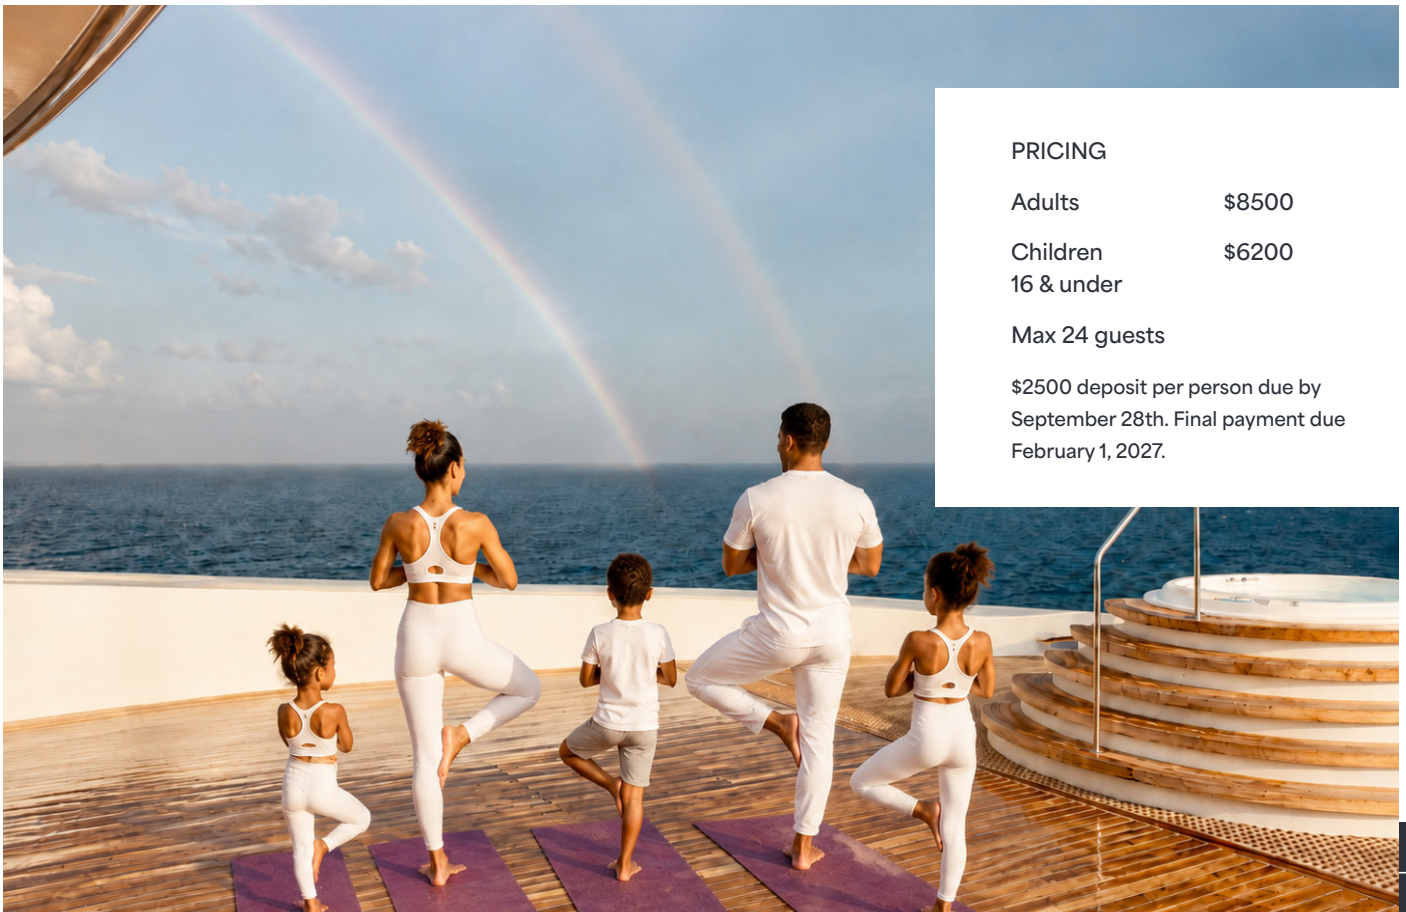

Daily family yoga, journaling, and mindfulness practices

Experiential classes and games exploring marine ecosystems, waves, weather, tides, and ocean stewardship

A meaningful service project in partnership with a local island community

Learning woven naturally into each day—through surfing, movement, nature, creativity, and connection

Opportunities for children and parents to learn, grow, and experience the journey together
